" We've got the responsibility to live up to the legacy of those who came before us by doing that we can to help those who came after us. "

## Who are MLT Ascend Scholars?

MLT Ascend Scholars are our next generation of rising leaders. Determined to graduate from college and build skills for a professional career, these students are facing and overcoming the challenges of persisting in college as a low-income or first-generation-to-college student. Each scholar is nominated by a community partner (high school, college access program or university) to participate in Ascend during their freshmen year.
